SHUPMEN WAIT HINES' ACTION ON PROPOSAL

Seek Conference With Director on Wage Demands

CHICAGO, Aug. 11.—Officials of the Chicago district council of the Federated Railway Shopmen's Union today awaited word from Director General of Railroads Hines on their request that he confer with them on their demand for higher wages before they return to work. Leaders declare that the men will ignore President Wilson's request that the strikers return to work before their claims are considered.

Labor leaders today sent out messages to every railroad center in the country requesting that delegates be sent to Chicago to discuss the situation Thursday.

Railway officials reported but little improvement in the middle west where only a few thousand strikers returned to work today. In Chicago about 300 strkers are said to have gone back. The roads centering in this city continued to operate under serious difficulties. Passenger trains were late on nearly all lines and all freight was received subject to delay at the shippers' risk.

To Request Increases

Cleveland, O., Aug. 11.—Three hundred local chairmen of the Brotherhood of Locomotive Firemen and Enginemen will meet here tomorrow to make a request on the railroad administration for higher wages for more than a hundred thousand firemen and hostlers on all federal controlled railroads in the United States and all non-federal controlled roads in the United States and Canada it was learned today.

FORECAST COLLAPSE OF KOLCHAK MOVE

WASHINGTON, Aug. 11.—Complete collapse of the Kolchak movement in Siberia was forecast in reports reaching here today. Kolchak forces have fallen back almost 200 miles from their former advanced lines and Omsk was said to be threatened with evacuation.

Failure of the allied and associated governments to get adequate supplies to Admiral Kolchak, the advices said had forced him to fall back before the superior Bolsheviki forces whose officers include many Germans who fled to Russia.

Officials here are known to regard Kolchak's efforts at an end unless radical measures are adopted by outside governments and it was suggested that the president might call the attention of congress to the imminence of Bolsheviki control of all Siberia.

TAKE 100 SUSPECTS IN MURDER CASE

CHICAGO, Aug 11—More than 100 men were taken in custody during the night by a police drive as a result of the murder Saturday night of Robert Charles Wilson, a student of Northwestern university near Marquette park.

The suspects were questioned today regarding the killing of young Wilson in particular, and the large number of crimes of the last few weeks in general.

RETURN MARINES TO NAVAL SUPERVISION

WASHINGTON, Aug 11.—Return of the marine brigade of the famous second division to the supervision of the navy department took place today without formalities, the officers and men being "released" from the jurisdiction of the war department. The parade of the brigade here tomorrow, therefore, will be essentially an affair of the marine corps.

PASS RESOLUTION

Peking, Friday, Aug. 8.—By the Associated Press.)—Parliament today passed a resolution authorizing the president to issue a mandate declaring that a state of war does not exist between China and Germany

It is considered doubtful whether the mandate will be published until delegates have discussed terms with German representatives

LENINE TO RETIRE.

Copenhagen, Aug. 11.—Premier Lenine Lenine, it is rumered intends to retire from the pad of the Bolshevik government according to Helsingfors dispatches.

Strikes are reported to be raging in the Bolshevik controlled territory. One hundred and fifty strike leaders were said to have been executed.

PRINCE OF WALES LANDS

Wilson Says Not Possible To Give Data

WASHINGTON, Aug. 11—President Wilson wrote to Chairman Lodge of the senate foreign relations committee today that it would not be possible to comply with the committee's request for the documents used by the American peace commissioners at Paris in negotiating the peace treaty.

In reply to a committee for all date used in preparation of the treaty the president wrote that most of the documents and memoranda were left in Paris and that many were of a confidential nature so that "on grounds of public" it would be unwise to make use of them "outside the conference." He sent only the American covenant draft and a copy of the covenant as agreed to before his first return from Europe.

To a resolution asking for a copy of the letter written by General Bliss regarding the Shantung problem, Mr. Wilson replied that he regarded the letter as confidential since it contained certain references to other governments. He said the communication in which Secretary Lansing and Henry White concurred, "took a very strong ground" against the proposed settlement of the question but could not "properly be described as a protest against the final Shantung decision."

Another development today was the statement before the foreign relations committee by Secretary Lansing that Viscount Ishii, Japanese ambassador to the United States, "had concealed" the instance of the secret treaty between Japan and Great Britain regarding the Shantung peninsula while the Lansing-Ishii agreement was being negotiated.

BEGIN LAST WEEK OF FORD HEARING

MOUNT CLEMENS, Mich., Aug. 11.—The fourteenth and last week of the hearing of Henry Ford's $1,000,000 libel suit against the Chicago Daily Tribune began today with Oscar C. Lungerhausen, one of the battery of Ford lawyers addressing the jury. He was followed by Warren Stone, of counsel for the Tribune. Tomorrow the last of the closing arguments will be delivered by Eliott G Stevenson, senior counsel for the Tribune, and Alfred Lucking, senior counsel for Mr. Ford. Wednesday morning Judge Tucker will instruct the jury and send it to its deliberations.

TERMS PLUMB PLAN 'VICIOUS'

WASHINGTON, Aug. 11.—The Plumb plan for tripartite control of the railroads is "vicious" and there is nothing akin to it outside of bolsheviki Russia." Senator Pomerene, Democrat, Ohio, declared in a letter to be sent to officials of railroad brotherhoods in Ohio and made public here today.

Declaring that the plan was "worse than socialism," Senator Pomerene said the American people would never approve it "or anything akin to it."

Springfield, Ill., Aug. 11.—Shaves went to twenty-five cents and haircuts to fifty cents here today.

"High cost of living," barbers explained.

CHARGES GROSS INEFFICIENCY IN LUMBER WORK

Committee Probing Aircraft Output Hears Witnesses

CHICAGO, Aug. 11.—Charges of gross inefficiency and unwarranted extravagance were made today by Charles R. Sligh, a Grand Rapids furniture manufacturer, before the congressional committee inquiring into affairs of the government bureau of aircraft production

Morley Contradicts Charges.

These charges were contradicted by John E. Morley, a Cleveland attorney who declared that considering war time conditions production of spruce lumber in Oregon and Washington was carried out in an efficient manner. Both men were majors in the air service and were connected with production of fir and spruce in the northwest. The testimony of Mr. Sligh, who resigned his commission in Janury, 1918, he said, because he refused to comply with demands of lumber firms, embraced charges that men knowing nothing of the work were sent to the northwest spruce forests; that unnecessary money was spent in inefficient methods of lumbering in erection of expensive railroads and in payment of civilian wages to soldiers assigned to lumber work; that Secretary Baker did not use his influence against I. W. W. disorders which prevented production; and that lumber leaving logging camps was of poor quality and improperly inspected.

Much of Mr. Sligh's testimony reflected on methods used by Colonel B. P. Disque, formerly warden of the Jackson, Mich, prison, who succeeded him in charge of spruce production. Colonel Disque's arrival in the northwest he said, brought an immediate decrease in production due to his "extreme ignorance," and thru this, production of seaplanes was help up for months.

Admits Mistakes Made.

Admitting that mistakes were made but that they were unavoidable since the government was demanding almost impossible quantities of lumber from northwestern producers, Mr. Morley accounted for large amounts of money spent, saying that plans were made in expectation of a much longer war. He had direct supervision, he said over methods used and contracts awarded for lumber and declared that he knew of no graft or irregularities.

The fact that of all spruce and fir produced, the allies received seventy percent had some bearingon the factor that on November 11, 1918, only 213 American planes were at the front in France, Mr Morley said. Many planes for American use were manufactured in foreign countries from American lumber, however, it was brought out.

Thomas B. Perry of Grand Rapids said dry kilns purchased by the government were of inferior and impractical design and that much time was lost thru slow process of drying lumber.

The committee composed of Congressman Joseph A. Frear, Wisconsin; Walter W. Magee, New York, and Clarence F. Lea, California, left for Seattle, Wash., tonight where hearings will continue.

SALVATION ARMY TO SEEK FUNDS

CHICAGO, Aug. 11.—A home service campaign to raise funds to carry on the relief work of the Salvation Army, without recourse to Tambourine and Drum solicitation will be opened thruout the state of Illinois September 22 to 29. Army field workers will be sent to all of the principal cities to conduct the campaign.

F. S. Peabody, president of the Peabody Coal company has been named state chairman.

POSSE CAPTURES TWO NEGRO SUSPECTS

CHAMPAIGN, Ill., Aug. 11.—Two negroes, whose names have not been obtained by the authorities, were arrested north of Champaign this afternoon by a posse of 500 men who were working on the theory that the suspects had attacked two white women near Arcola. Patrolman Mike Wagner, who was searching for them, was held up by the negroes and relieved of his pistol. The negroes were caught in a corn field by deputy sheriffs.

U. S. League Draft Differs From Covenant

WASHINGTON, Aug. 11.—The original American draft of the league of nations covenant sent to the foreign relations comittee today by President Wilson, contains several provisons widely differing from the league covenant as adopted at Paris.

Article Ten Almost Same.

The much debated provisions of Article Ten of the present covenant for guaranteeing the territorial integrity of league members is almost identical with a clause in the American draft. The latter was as follows:

"The contracting powers undertake to respect and to protect as against external aggression the political independence and territorial intergrity of all states members of the league.'

Many of the arbitration provisions are virtualy the same in the two drafts. The American draft also contained the finally adopted provision for a council and a larger assembly and embodied a disarmament program similar to that in the final covenant. It also provided for an economic boycott of covenant breakers.

No Provision for Withdrawal

The American plan contained no provision for withdrawal from membership and made no reference to the Monroe Doctrine. It also contained a provison not finally acepted under which the league would "inquire into the feasibility of abolishing compulsory military service."

There also was a provision in the American plan, omitted from the final draft, which would make it a "fundamental covenant" and that no power should overstep international agreements for rights on the high seas.

In transmitting the American plan for the league of nations, the president said no stenographic reports were taken on the debates before the league of nations commission and that such memoranda as were taken it was agreed should be confidential.

Senator Lodge had the American draft of the league printed in the congressional record and also the president's letter of transmital to him. Neither was read.

CHARGE WOMEN WITH MURDER

DANVILLE, Ill., Aug. 11.—Warrants charging murder were today issued against Mrs. Martha Holtz and her niece, Mrs. Grace Whisman, as the result of a mysterious shooting at the Holtz home resulting in the death of the latter's husband, Walter Whisman, hotel clerk and serious wounding of Charles Holtz, a street car employe and husband of the former.

According to the story of the women, someone entered the Holtz bedroom about 4:30 a. m. Sunday, reached across Mrs. Holtz's body and shot Mr. Holtz in the back of his head, while he was lying in bed and when Whisman, who with his wife occupied rooms in the same house ran into their room to ascertain the cause of the explosion, was himself shot thru the heart and killed almost instantly. Holtz today claimed that his memory was suddenly restored and that he remembered a strange man in his room immediately before being shot. The authorities believe the tragedy was the result of domestic trouble and that Whisman was killed by one of the women.

Garretson Appears For Plumb Plan

WASHINGTON, Aug. 11.—Nine tenths of the energies of labor leaders are given to the job of sitting on the lid, Austin B. Garretson, former head of the Order of Railway Conductors, testified today before the house interstate commerce committee, which is seeking to solve the problem of how to handle the railroads after the war time federation.

Sporadic strikes, Garretson said, merely are straws which show how the wind is blowing over a sea of industrial unrest. Rumblings heard in many quarters do not mean, he said, that labor people want to overthrow the government, but indicate a demand that the government function.

Congress Can Allay Feeling

It is in the power of congress, the witness declared, to allay the feeling.

"But it cannot be done by inaction," he shouted. "Somehow the American people are not prone always to do today what can be done tomorrow, unless an emergency forces us to act, and then we break all records."

Describing himself as a man who had been pilloried by the press, Garretson said he had travelled a long way to speak in behalf of the Plumb plan which would give labor a voice in the management of railroads the people would own. But he did not regard the Plumb plan, he said, as more than one factor in stilling the spirit of present day unrest, nor did he think it would "change human nature or other things that can be eliminated."

"I am not a dreamer," he told the committee, which gave unusual attention to his testimony, for his appearance on the stand put a new breath of life in the railroad hearing. Mr. Garretson had no statement in written form.

SILK SHIRTS AND TABLE LINEN DISAPPEAR

Basket of Clothing and Table Linen Taken from Second Floor Landing at Alexander Apartments—Two Boys Held as Suspects—Burglar Knocks Woman Down

The night police force are working on the mysterious disappearance of a basket of clothing from the second landing of the outside stairway of the Alexander apartments some time between 1 and 5 o'clock Monday afternoon. Terl Johnson and Roscoe House, two young colored boys are held at the police station, suspected of knowing the whereabouts of the basket.

According to the story told the police by Johnson he went to the Alexander apartments to get the clothes to take to Mrs. House to be washed The Breeden's occupy the third floor apartment

Johnson took the clothes which were in a basket and carried them down to the second landing of the outside stairway and left them while he went on another errand. This was about 1 o'clock Monday afternoon. When he returned for them at 5 o'clock the basket had disappeared.

The basket contained several silk shirts, some fine table linen and other wearing apparel. It is probable that the value will run close to $100. Mr. Breeden reported the matter to the police and Johnson and Roscot House were taken into custody and questioned. Both denied any knowledge of the whereabouts of the clothing. The police, however, believe that they know something if they can be forced to tell the truth.

Burglar Attacks Woman

About 10 o'clock a call came from the residence of William Triplett on South West street where a burglar had entered the house and knocked down Mrs. Jackson, who stays at the Triplett home.

Mrs. Jackson was alone at the time and was sitting on the front porch. She heard someone in the house and went in to investigate. When the burglar heard her coming he turned out the light and knocked Mrs. Jackson down and disappeared. She could not tell whether the burglar was white or colored.

ACQUISITION OF GERMAN FIRMS PROBABLE

London.—Politically the British government does not view with disfavor the reported acquisition of German firms by Americans. Asked in the House of Commons if he had any official information that such transactions had taken place, Sir Auckland Geddes, president of the Board of Trade, said that the government had not but that he was inclined to regard the action suggested by no means improbable not only with regard to Americans but also British firms and firms of all allied nations."

WAR TRADE BOARD NOW THING OF PAST

Washington, August—The War Trade Board has become a division of the State Department in accordance with an executive order While all functions and records of the board are transferred to the department, this will not affect or inconvenience importers and exporters on any way it is said, as all licenses will continue to be issued and correspondence conducted in the name of the War Trade Board.

STATE FOOD HEADS TO AID IN PRICE WAR

Palmer Receives Assent from Administrators

WASHINGTON, Aug. 11.—Attorney General Palmer today received "enthusiastic" assent from virtually all state food admisistrators of whom he asked cooperation in the government's efforts to reduce the high cost of living. He sent instructions to all district attorneys to get in touch with the food administrators and to act at once on any evidence of law violation found by the fair price committees to be reconstituted in every county.

The attention of the diserict attorneys also was called to the unlimited availability of the secret service for any investigation work necessary to the punishment of hoarders and profiteers.

Mr. Palmer today requested of Secretary Houston that inspectors of packing houses be instructed to furnish to district attorneys any information they might have. It was not indicated what was contemplated.

Congress Takes up Problems

Living problems absorbed much of the attention of congress.

Federal supervision of the issuance of stocks and certificates was proposed in the senate. Cold storage regulation suggested by President Wilson was taken up by the house agriculture committee. Europe's $100,000,000 fund which President Wilson said was necessary to stop the westward spread of Bolshevism, drew the fire of Senator Myers who declared that people abroad were buying American products cheaper than they could be purchased at home.

President Wilson's suggestion that congress could show what can be done to control mounting price by remedying the extortion which it has been charged was rampant in the District of Columbia resulted in the drafting of a bill by the district commissioners in conjunction with Chairman Murdock of the federal trade commission which would license all dealers in food, fuel and wearing apparel, with the license revocable on proof of profiteering.

PLANE FALLS INTO SEA; ONE KILLED

LONDON, Aug. 11.—(By the A. P.)—The flying boat Felixstowe Fury, which was due to start Tuesday for Cape Town, South Africa on an 8,000 mile flight, crashed today off Felixstowe during a test flight. The wireless operator on board, Lieutenant McLeod was killed. The six passengers were rescued.

The flying boat, one of the largest of its type yet built, side slipped and fell into the sea 500 yards off shore. The plane crumpled under the impact with the water and was virtually submerged McLeod was dead strapped in his seat, when the wrecked craft was towed ashore.

A. Carnegie, Steel Magnate, Dies Suddenly

LENOX, Mass., Aug. 11.—In his great mansion overlooking a lake in the beautiful Berkshire, where he sought seclusion when bodily infirmity overtook him and his mind was saddened by the entrance of his country into the world war, Andrew Carnegie, iron master and philanthropist, died today.

Altho he had been in feeble health for more than two years, his final illness was brief. A severe cold developed quickly into bronchial pneumonia, the aged patient lapsed into unconsciousness and the end came soon after.

Funeral Will Be Simple

No ostentation will mark the funeral of the man who, when he began eighteen years ago to give away his millions, was reputed to have the second largest fortune in America. A simple service, attended only by members of his family and his household, will be held at the home, Shadow Brook tomorrow or Wednesday. It is expected that the body will be taken to Pittsburgh, the city where he laid the foundation for his wealth, for burial.

Mrs. Carnegie was at her husband's bedside, but he did not revive sufficiently to permit of any sign of recognition. Their daughter Margaret, who last April married Ensign Roswell Miller of New York, was notified that it was apparent that the illness would be fatal and she hurried from her home at Mill Brook, N. Y., arriving after her father had died.

Widow Bears Shock Bravely.

The widow of the Laird of Skibo, altho overcomew ith grief bore the shock bravely. Her physician said tonight she had recovered sufficiently to make it possible for her to go thru the ordeal of the funeral service.

A mass of telephone and telegraph messages of condolence from persons of prominence in all parts of the country had accumulated at Shadow Brook tonight.

When Mr. Carnegie returned to his summer home last spring it was evident to his intimates that he was a broken man and that any slight indisposition might have a fatal end However, the air of the Berkshires and the seclusion appeared to benefit him and he exhibited occasional flashes of the old exhuberance that had made him a cheerful companion for many years. Mr. Carnegie proved an easy prey to a cold contracted last Thursday and he took to his bed the following day.

In his last days, Mr. Carnegie appeared as one far removed from the affairs of the world in which he had played so great a part for more than the average lifetime. To his physician he spoke only of his health and the mode of living best suited to it.

It was chiefly due to Mrs. Carnegies discr'ption of Shadow Brook, after a visit to the estate in 1917, as bearing a strong resemblance to the country around Skibo castle in Scotland, that the iron master decided to purchase the property. The war had prevented his annual visit to Skibo and indeed had made such changes there that it was understood that he had decided to make his country home in America for the remainder of his life.

Gave Away $350,695,653.

Washington, Aug. 11.—Andrew Carnegie had given away $350,695653 up to June 1, 1918, a compilation of his benefactions prepared by the Carnegie endowment for international peace shows.

PUTS PRICE WAR UP TO HOUSEWIVES

NEW YORK, Aug. 11—Revival of the American housewives' war time conscience in administration of the family table and substitution of bread for higher priced foods such as meats, eggs and butter as a means of reducing the high cost of living were advocated by Julius H. Barnes, U. S. wheat director today. Commenting on the government crop report for July which shows the loss in crop prospects of 221,000,000 bushels, Mr. Barnes declared that any further reduction in flour prices "must" be based upon a policy of food subsidy," not authorized by congress in the wheat act.

TRAIN HITS AUTO; THREE ARE KILLED

Galesburg, Ill., Aug. 11.—Mr. and Mrs. George McMaster were instantly killed and Mrs. John Condo died at 2 o'clock this morning from injuries received when a C. B. & Q. passenger train struck their automobile at Ladd Crossing, a mile east of Kewanee shortly after noon yesterday. Mr Condo, who completed the party, is in the hospital with a broken leg and minor injuries, but it is thought he will recover.

PROBATE COURT

In the estate of Mary J. Nall, final report was approved.

In the estate of Green Dalton, the proper proof was submitted and the will was admitted to probate. Letters testamentary were ordered to issue to Leonard Dalton.

HOUSE "DRY" BILL ADVANCES ANOTHER STEP

Senate Committee Begins Considering Measure

WASHINGTON, Aug. 11.—Prohibition enforcement legislation advanced another step in congress today when the senate judiciary committee began consideration of the bill passed by the house last June as amended and liberalized by the judiciary sub-committee.

Changes Several Drastic Parts

Altho the general house plan for enforcement of war-time and constitutional prohibition remain in the bill, the sub-committee eliminated several drastic house provisions and modified others.

In its work, the sub-committee comprising Senators Sterling, Republican, South Dakota, chairman; Fall of New Mexico and Norris of Nebraska Republicans, and Overman of North Carolina, Walsh of Montana and King of Utah, Democrats, first revised the senate enforcement bill, reporting the latter as amended by unanimous vote of the full committee.

Like the house the senate subcommittee adopted the plan of having separate sections in the bill to deal with wartime and constitutional prohibition.

Leaves Definition Unchanged

The sub-committee left unchanged the house definition of intoxicating beverages as those containing one-half of one percent or more of alcohol.

As revised, the bill will not interfere with storage and personal use of intoxicating liquors in the homes of individuals.

Probably the most liberal amendment to the house bill is a provision exempting from penalties any person "manufacturing non-intoxicating cider and fruit juices exclusively for use in his house." This would permit home manufacture of lightwines and cider for personal consumption and the amendment, except by implication in connection with the definition of intoxicants, does not define "non intoxicating" beverages

Stricken from the house bill was the provision making it unlawful for persons to be intoxicated or to drink liquor on trains, street cars, jitneys, boats or other public conveyance

Reports Not Open to Public.

Another liberalization is a provision that reports of manufacture, sales and transportation of liquor, made to the internal revenue collector, shall not be open to inspection of the general public but kept solely for scrutiny of the commissioner, his agents, court or other officers.

The house search warrant provision also was made less drastic, the sub-committee amending the search and seizure sections so as to provide that search warrants may be issued only under the usual practice provided by existing federal laws and not on mere suspicion that liquor is being stored for unlawful purposes.

Fixes Sum for Work.

Instead of the house bill's unlimited provision for funds to enforce prohibition the subcommittee fixed $3,500,000 for the first year's enforcement work, and leaves this duty jointly to the internal revenue commissioner and the department of justice

In defining Intoxicating liquor the sub-committee added the following liberalizing proviso: "Provided, however, that the foregoing definition (one-half of one percent of alcohol) shall not extend to de-alcholized wine nor to any liquor or liquors produced by the process by which beer, ale or porter is manufactured but containing not more than one-half of one percent of alcohol if such liquor or liquid shall be otherwise denominated than as is beer, ale or porter" This proviso rejects the request of prohibition of beverages which have the appearance of intoxicants.

Another relaxation of the house bill was made in its provision for penalizing persons having "reason to believe" their property is being used unlawfully. The senate amendment requires "personal knowledge" of such use.

WILL HELP SOME

The food administration machinery is to be revived in the effort to check profiteering and bring about a lower prices of commodities. This is a helpful suggestion if the food administra-actuated by the same patriotic actuated by thes ame patriotic motive that prevailed thru the war.

The accurate reports which the food administration in every county can supply to the government will go a long way not only toward the exact conditions but indicating how relief can be given.

WOULD BENEFIT EVERY SOLDIER.

Soldiers of the American Legion and those who have not joined that organization will be likely to lend their enthusiastic support to Congressman Morgan's bill which provides for the lending of $4,000 to each honorably discharged soldier for the purpose of buying a home. If Congressman Morgan's bill passes each soldier can make this sort of an investment, the indebtedness to carry 3 1-2 per cent and be paid off on the amortization plan. The adoption of the bill will certainly serve to vastly increase the already active demand for homes.

The measure will have the strong support of soldiers because it will give every man a chance for benefit, while the proposed legislation with reference to farm allotments would benefit only a small percentage of the army men.

WHO PAYS THE EXCESS PROFITS TAX?

People are revising their opinions now about the excess profits tax. They used to look on it as a beneficial measure in that the wealthy man was required to turn back such a large percentage of profits to the government. Now it occurs to them that provision for an excess profits tax acts as a suggestion that very high profits are proper if the certain percentage is returned to the government.

That is very closely akin to profiteering and the ordinary consumer is not nearly as much benefited from the tax the government gets as he would be by lower prices on commodities

If the demand for tickets is any indication of the success of the Chautauqua this year's event will be greater and better than ever. The opening day of the Chautauqua is still ten days in the future but the demand for tickets is very active and those who subscribed for the largest numbers have already disposed of their holdings. All that remains to make the 1919 Chautauqua the greatest in the fine Morgan county series is favorable weather.

Chairman Fall of the senatorial committee appointed to make an investigation and report of the Mexican situation will certainly "let the chips fall where they may." His position on the Mexican question is already quite well defined in the public mind and he will not be at all worried by the statement of an under secretary of state that an unprejudiced inquiry into the situation will certainly lead to intervention or a continuance of recognition of Carranza, no matter how unsatisfactory border and interior conditions in Mexico are.

SHOE ECONOMY.

J. Ogden Armour in a recent interview said he had just purchased his first pair of shoes in three years. If people generally followed the packer's example the demand for footwear would be materially curtailed. But the packers are generally acknowledged to "walk softly" and then perhaps the fact that Mr. Armour rides so much in his limousine instead of tramping along the sidewalks may tend to extend the life of his shoes.

STRIKE CONTAGION.

There is something contagious about this matter of "striking" in such times as these, and even the caddies on the golf course have felt it. They demanded more money but the troubles have been settled peaceably and the life of golfers continues to move along smoothly.

Speaking of strike contagion, a man in official capacity said yesterday that he would certainly go on a strike save for the fact that he knew it would be useless. His compensation is fixed by law and there is no chance of amending the law. Perhaps there is a suggestion in this man's predicament for settlement of the whole big problem.

TO CONFER ON BIG PROBLEM

The proposed conference on railroad operation set for October 6 and advocated by ex-Gov. Dunne and his associates is a sensible proposal. The Plumb plan, the Cummins plan and others that have been suggested for the solution of this knotty—almost knarled—problem will be given due consideration and a report adopted and advocated before the people.

The recent suggestion of ex-Gov. Dunne and his associates is also worth while. They made no open advocacy of the Plumb bill but suggested the operation of the railroads on a strictly cost basis. If some system can be figured out for following this plan the public will indirectly have its rightful share in railroad earnings.

CHURCH MEMBERSHIP.

A visiting minister in a Jacksonville pulpit said Sunday that the church is intended not simply for those who are good and whose lives are well ordered, but for those who are willing to try. This makes the entrance to church membership broad enough for the average man to pass in, for most people, tho they may not acknowledge it, have a desire to do right.

Another thing this minister gave his audience to think about was the statement that failure to hold church membership relieves no one from responsibility. Those who belong and those who do not belong have just the same obligations to meet finally, and the man who holds church membership and does not measure up fully to all its teachings should be no more subject to criticism than the man who holds aloof and makes no profession along this line.

The Phillipino Orchestra

This company consists of seven native Phillipinos who have played together for a number of years, and is the strongest company in America. There is dash and brilliancy to their music that will captivate any crowd.

They play some of the best music of their native land. It is the kind of an organization that catches everybody. Their appearance at our Chautauqua lends variety to the program.

Woolens Show Steady Increase

When present stocks exhausted much higher prices must be paid on re-orders -- money saved by placing Suit orders now.

Men or women contemplating the purchase of tailored-to-order clothing will do well to give the matter immediate attention — prices of woolens continue to advance.

Mr. Renner, president of this company, returned from Chicago, where he went to purchase goods, Wednesday and found the market decidedly unsatisfactory. Wholesalers and jobbers are endeavoring to protect old customers on future deliveries, but at greatly increased prices. No new customers are being taken on by any of these firms.

So long as our present stock of woolens, for ladies' and gents' suits, lasts we will continue at the old prices. Therefore, we say it behoves you to make selections now.

THIS GOOD WORLD

This world is good in which we dwell I like the blamed thing mighty well, and I have lived here long as down my long life path I go I find eight joys for every woe, nine rights for every wrong. Oh, now and then there comes a day when everything seems grim and gray, and badly out of plumb but calm reflection brings me bliss—for every rotten day like this, six happy days will come. The optimist is one who knows that joys outnumber human woes, when balances are struck; and so, with sunshine in his heart, he labors in the busy mart, and nails the useful buck. He does not worry o'er the grief that comes to him as a relief when happiness grows stale; no man could stand unchanging bliss; a slice of grief we soon would miss, if there were none for sale. The pessimist is one who'll mark a record of each day that's dark, its minutes and it hours; and hell 'forget the cheerful days, when all the landscape is ablaze with sunshine and with flowers. He thinks that there are nineteen woes for every joy a mortal knows, in which he's sadly wrong; I know the good outweighs the ill, and knowledge should my counsels fill, for I have lived here long.

Adm. 10c and 5c (Except Thursday, 15c) Plus War Tax

Miss Mary Danison, trimmer for H. J. & L. M. SMITH, arrived this morning and opened their work room. She will be pleased to see all her former friends and customers.

AROUND HOME

—Mrs. Sarah J. Eversole, 83, died at her home in Champaign Saturday, of pneumonia.

—Forty-three boys of the Champaign high school have signed to take the proposed course in military training.

—One hundred and one divorce suits have so far been filed for the September term of the Peoria circuit court.

—Eighty employes of Stuber & Kuck, of Peoria, have struck. The firm says no demands have been submitted.

—Pauline White, aged 6, daughter of Mr. and Mrs. Perry White, southeast of Urbana, was kicked to death by a horse Saturday afternoon.

—Several hundred people attended the opening sessions of the Quiver Lake chautauqua, at Havana Saturday. The chautauqua will be in progress all week, closing next Sunday. Early indications promise that this year's assembly will eclipse all others in point of attendance and quality of the program on which will appear some the best lecturers and entertainers in the country.

—Funeral services for Miss Annie Pause, who was shot and killed at Peoria Friday by John Pickrell, a traveling salesman of Des Moines, Ia., were held in Lincoln Sundey afternoon. The interment was in the family lot in Union cemetery. After killing Miss Pause, Pickrell shot himself in the head and is in a critical condition in a Peoria hospital. The tragedy was enacted as the result of a love affair. Miss Pause lived in Lincoln for several years and visited relatives and friends here three weeks ago.

—The Holden Memorial hospital at Litchfield which has been closed for a period of four years, has been sold to David W. Thompson of Kemper. The building when remodeled will be occupied by Mr. Thompson for a residence.

—Palmyra will extend a welcome to soldiers, sailors and marines next Wednesday and Thursday.

—Mrs. D. Lawrence and son of Jerseyville, were painfully injured when an automobile driven by Mr. Lawrence, collided with a car driven by John Seaton, half a mile south of Edinburg. They were brought to Edinburg where they received medical attention and were later taken to their home.

—Sangamon county's bigest tractor show will be held today at J. A. Leland's farm, southwest of Springfield. The demonstration is under the supervision of the Sangamon County Farm Bureau, with County Advisor I. A. Madden in charge.

—Returned soldiers, sailors and marines will be guests of Farmersville next Wednesday, when the annual Irish day picnic and home-coming celebration will be held. Plans for the day have been completed, and indications point to a large attendance.

RAILROAD VALUATION EXPERTS VISIT CITY

Working on Chicago & Alton System at Present—Cover Four or Five Miles Per Day.

Men have been engaged in making physical valuation of the railroad properties of the United States for the past six or eight years. The work still progresses. Saturday and yesterday there were two cars standing near the Chicago & Alton passenger station occupied by men employed in work of this character. They expect to leave Jacksonville today, traveling south, going to Murrayville, Iles, Roodhouse, Godfrey, and on down. They make between four and five miles per day in their work. They make an inventory of all tracks, cuts and fills, and all apparatus of the railroad connected with the track, ties, etc. They are not making a valuation of any stations or bridges, this being taken care of by other federal employes.

There are twelve men in the party here. H. S. Winn of St. Louis, assistant field engineer for the Illinois Central Railroad, is in charge of one half of the men, while C. A. Stelle of Pittsburgh, Pa., former division engineer of the Alton, is in charge of the remainder.

MURRAYVILLE RESIDENT PASSES AWAY SUNDAY

Mrs. George Jackson Dies After Long Illness.

Mrs. George Jackson, aged 56 years, passed away at her home in Murrayville Sunday afternoon at three o'clock after an illness of many months duration.

She is survived by her husband, one daughter, Mrs. Louis Sooy of Murrayville, and three sons, Clarence of Carlinville, William of Roodhouse and Clyde of Virden.

Miss Mary Jane Fanning was the daughter of Mr. and Mrs. John Fanning and was born in the Hart's Prairie neighborhood. In 1876 she was married to George Jackson.

Mrs. Jackson was a devout member of the Union Grove Baptist church south of Murrayville. She was a true wife, and loving mother, and endeared herself to all who knew her.

Funeral services will be held this morning at 11 o'clock from the Murrayville Baptist church in charge of Rev. Newton Antrobus of Manchester.

Here is One Thing That is Absolutely Impossible.

Rheumatism Has Never Been Cured by Liniments or Lotions, and Never Will Be

You never knew of rheumatism that most painful source of suffering—being cured by liniments, lotions or other external applications. And you will never see anything but temporary relief afforded by such makeshifts.

But why be satisfied with temporary relief from the pangs of pain which are sure to return with increased severity, when there is permanent relief within your reach? Science has proven that rheumatism is a disordered condition of the blood. How then can satisfactory results be expected from any treatment that does not reach the blood, the seat of the trouble, and rid the system of the cause of the disease? S. S. S. is one blood remedy that has for more than fifty years been giving relief to even the most aggravated and stubborn cases of rheumatism. It cleanses and purifies the blood by routing out all traces of disease. The experience of others who have taken S. S. S. will convince you that it will promptly reach your case. You can obtain this valuable remedy at any drug store.

A valuable book on rheumatism and its treatment, together with expert medical advice about your own individual case, will be sent absolutely free. Write today to Medical Department, Swift Specific Co., 431 Swift Laboratory, Atlanta, Ga.

FRENZIED FINANCE

Centralia Restaurant Man Takes Palm to Date.

According to the Decatur Review, two different men, who visited Centralia in the last few days, bring the report that a charge is being made at the Van Noy restaurant at the Illinois Central station of five cents a glass for water, served with meals. This seems hard to believe but both men give instances that they, themselves, saw customers complaining about this charge.

One man refused to pay and and walked out and threatend to beat up the manager who followed trying to collect 15 cents for three glasses of water served with a meal. In that instance it appears that the customer bluffed the manager and did not pay.

While there is no question as to the veracity of the men bringing this report or the clearness or definiteness of their statements, this is pushing the H. C. of L. to such excessive and extreme limits that there must be s ome doubt about the practice at Centralia being an invariable rule.

If it is the rule at Centralia, it is quite likely that it is a rule that will be changed because while the United States public is in a humor to accept any advance of that question and cheerfuly put down the price in the expectation of collecting from the other fellow with added profits, the idea of charging five cents for plain ordinary water is too much for even these frenzied times.

CONDUCTED FUNERAL AT BETHEL MONDAY

Rev. J. G. Kuppler preached the funeral service of Mrs. F. Fred Eckhoff at the Lutheran church near Bethel Monday afternoon. He was assisted by the Rev. J. H. Sieving. Burial was in Grace cemetery just opposite the church. Mrs. Eckhoff is survived by two sisters instead of one as previously announced. They are Mrs. William Johnson and Mrs. Henry Jordan.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or $1.00 for large size, get a bottle of zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

ROODHOUSE SHOPMEN RESUME THEIR WORK

Strike Tension Relaxes on Chicago & Alton.

Chicago and Alton officials report that the tension has relaxed somewhat by the return of the fire knockers at Roodhouse Saturday to resume work and the return of the machinists, boilermakers and other round house attaches yesterday. The car men at Roodhouse also voted to go back, and every man who went out is now on the job at that terminal. As the men at Kansas City went back Saturday, the situation on the western division is now greatly improved and there will be an acceleration of traffic on the Missouri lines.

The decision of the Roodhouse employes to return and resume work was welcome to Gen. Supt. W. C. Hurst and Trainmaster R. C. Burdett. These two officials ave been on duty there doing the roundhouse and yard work and working night and day to keep trains moving. It has been a strenuous week for both.

Mr. and Mrs. Walihan have not fully decided where they will reside but it is thought they will make their home in this city. They both have a large circle of friends in both Chapin and Jacksonville who will wish them a long and happy married life.

DEATHS

Devine

Harry L. Devine died at the family home seven miles southeast of Jacksonville at 8:30 o'clock Monday evening. He had been ill for a long period and death came as a welcome relief to his suffering.

Deceased was the son of Mr. and Mrs. Frank Devine and was born in this city June 14, 1897. His entire life was spent in the city and county.

He is survived by his parents and one sister, Miss Mildred Devine.

He was a faithful member of the Church of Our Savior and a young man whose genial disposition and courteous bearing won and held many friends. His going will cause sorrow to many and the sympathy of all will go out to the parents and sister in their great bereavement.

The time of the funeral will be announced later.

TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo; the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

MAJOR TALBOT TO GO ON MISSION TO POLAND

Mrs. Lucy Talbot of This City Advised That Husband is One of Officers in Charge of Mission to Fight Typhus in Poland.

Mrs. Lucy Talbot of this city has just received a letter from her husband, Major Willis T. Talbot, stating that he is one of twenty officers being sent as a sanitary mission to fight typhus in Poland. These experts, with 500 enlisted men, expected to leave the latter part of July to aid Poland in combatting the typhus epidemic which is sweeping that counrty. While this mission will cooperate with the Polish authorities, its main purpose will be to teach the Poles how to use the large amount of sanitary machinery being imported into the country.

The Polish government has purchased from the American army $5,000,000 worth of medical supplies, steam sterilizers, hot-air disinfectants and portable bathing outfits, and it is in the use of this machinery that the people are to be educated. The commission will take with it 2,000 portable baths, 50 electrical clipping machines, 30 mobile laundries, 20 mobile laundries that can accommodate 700 men an hour, 50,000 flatirons, 100 tons of soap, 50 tons washing powder, 1,000,000 suits of underwear, 40,000 beds with linen and mattresses, 500 ambulances and 5 large American hospital trains.

The following extracts are from a recent letter written by Major Talbot to his wife in this city:

Paris, France,
July 21, 1919.

You will see by the enclosed clipping what I am going to do next. When the fellows learned that I had been so lousy and finally got rid of them, why they supposed I would know how to tell others how to get rid of lice. Typhus fever is caused by lice and that will be our mission, to help the Poles learn how to get rid of lice.

We will probably start to Poland before many days. I do not know how the mail service will be but it certainly cannot be worse than it has been.

I shall see a little of the beauties of Paris now. We will probably be here for several days, altho I may be sent to some other city to arrange for our mission. We have a great amount of work to do to get ready to go, and we certainly will have some job to teach those people to clean up.

You will notice by my language that I have to change my expressions in English, so that the people here who speak it can understand. My French is a great deal worse than their English, altho I can make myself understood very well. When they talk French to me I do not know whether they mean yesterday, today or tomorrow. Have you tried to learn French? If you should learn to read French you could not understand a word that is said, as it is pronounced anything except the way it is written.

I hope we soon get away from here, as it is too expensive living in this place. I was unfortunate enough to have to move from one hotel to another since yesterday. This one is closing for repairs and will not open again for two weeks. The one where I go today is higher in price as it is French. The Y. M. C. A. are quitting the hotel business here. In fact, everything will be taken out of France very soon. Everyone will be glad to get home, so that those who go may not mustered out so soon as they expect.

Please keep on writing as often as you can. I do not know how long it will be before we get the letters but presume not very long. The last letter I received from you had several letters that you had sent which had been returned to the U. S. A. My address will be Typhus Relief for Poland.

I hope to get some benefit from this trip. It will be a new and interesting kind of work and also a chance to go thru many new countries.

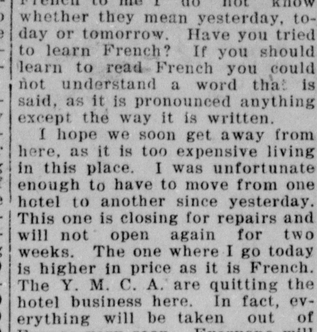
LIFT OFF CORNS!

Doesn't Hurt a Bit and 'Freezone' Costs Only a Few Cents.



With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Quit Laxatives, Purges; Try NR

NR Tonight — Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills calomel, oil, purges and cathartic and force bowel action. It weaken the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs —promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

TEXAS MOTORISTS WERE SUNDAY VISITORS HERE

Party of Three Men from Mt. Pleasant, Texas, Passed Thru Jacksonville Enroute to Canada and the Eastern Coast.

A party of autoists passed thru Jacksonville Sunday on their way from Mt. Pleasant, Texas to Canada. The vistors, who were F. C. Hutchings, E. Richards and T. L. Denman, left their homes in Texas about a week ago, intending to visit a great many cities and towns before their return. They arrived in this city Sunday afternoon and left at a later hour for Springfield. The motorists have visited a number of cities since they left their Texas home, and they declared that Jacksonville was the prettiest town they had seen since starting on their trip.

From Springfield the visitors will proceed to Chicago and later will spend a few days in Battle Creek, Mich. They will proceed by boat from Detroit to Buffalo and will then resume their auto trip into Canada. Upon reaching the Atlantic coast they will travel southward along the coast, stopping at New York and Boston and at various resorts. The homeward journey will begin at New York City.

CADDIES FAIL TO GET INCREASE IN PAY

Caddies Who Serve at Nichols Park Golf Course Wanted More Money But After Meeting Monday Morning Agree to Work for Same Price.

The caddies who have been serving at the Nichols Park golf course held a meeting Monday morning and discussed with a member of the committee on golf activities the question of more pay for their services. The discussion resulted in an agreement on the part of the boys to work for the same money they have been receiving.

It was some weeks ago that the caddies began the agitation for more pay. It was shown, however, at the meeting Monday that the local boys are not entitled to be paid the amount that is usually paid to caddies, as they are for the most part somewhat inexperienced. Local golfers have at various times made complaint that the service rendered by the caddies was not what it should be, and it is because of this feeling on the part of golfers that the caddies' pay is to remain the same.

The boys are now receiving 15c a round or 20c an hour for caddying and they asked for 20c a round or 25c an hour. As a result of the meeting Monday the boys will still be paid 15c a round or 20c an hour, except in cases where the player is willing to pay the higher figure because he knows that the caddys' services are worth it. Thus the price is set by the golfer, and he is to determine what the caddy's services are worth, but the amount paid must not be under the regular charge.

Bad Sickness Caused by Acid-Stomach

If people only realized the health-destroying power of an acid-stomach—of the many kinds of sickness and misery it causes—of the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—pains of indigestion; distressing, painful heat; sour, gassy stomach; belching; food repeating, heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloat, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvelously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

BEARDSTOWN SHOPMEN EXTEND FINANCIAL AID

At Recent Meeting Reiterate Decision to Remain at Work

The situation regarding the wage demands of the railroad shopmen in Beardstown, remained unchanged yesterday following a largely attended meeting of the shop federation held at the Gem theatre last Friday night, at which Charles Smith, president of the striking Chicago Federation, Mr. Dillon, business agent of the firemen, and officials of the carmen and sheet metal workers from Galesburg and West Burlington in attendance.

The Beardstown shopment reiterated their decision to remain at work until the strike ballot has been taken and action is authorized by the national officers. The action of 50,000 shopmen in Chicago, and another 50,000 down state workers, in voluntarily walking out in protest against the delay of the railroad administration in acting upon the wage demands, was not condemned by the Beardstown Federation, but instead it was the opinion that some such drastic action was just and necessary to bring matters to a head.

As evidence of the co-operation with fellow craftsmen the Beardstown men voted unanimously to extend financial aid to the striking shopmen during such time as they may be off duty.

NO DEVELOPMENTS IN STRIKE SITUATION HERE

LOCALS WON GAME AT BEARDSTOWN SUNDAY

Jacksonville Athletics Won With Score of 16 to 14 Sunday at Beardstown—Locals Enthusiastic Over Treatment Accorded Them.

The Jacksonville Athletics won from the Beardstown Federals Sunday afternoon by a score of 16 to 14. The game was played at Beardstown and was witnessed by a large crowd of enthusiastic fans. The local men were accorded fine treatment at Beardstown and stated after the game that the umpiring was fair in every instance.

Flynn was on the mound for the Athletics during the first five innings, but was relieved by Barnes after the Beardstown team had scored ten runs on hits and errors. Burkery was the hitting star for the Athletics, scoring four of the local runs. Williams made a fine catch in left field in the last inning and this ended the game. The score would have been a tie if the ball had fallen safe, as there were two on at the same time. Excellent work on the base lines was a prominent factor in running up the score.

The Athletices lineup was as follows:

Zell, c; Flynn, Barnes, p; C. Sellers, 1b; Devlin, 2b; Burkery, 3b Dickason, ss; Blesse, cf; Williams, rf-lf; Woods, lf; Nunes, lf-rf.

WABASH PASSENGER DETOURED SUNDAY

Was Sent from Chapin to Concord and Then to Jacksonvile Because of Wreck Between Jacksonvile and Markham.

The east bound passenger on the Wabash due in Jacksonville at 9 p. m., was detoured over the Burlington from Chapin to Concord and thence to Jacksonville Sunday evening.

The cause af the detour was a small wreck on the Wabash between Jacksonville and Markham when the tender of the engine drawing the west bound passenger train due here at 5:20 p. m., left the rails.

The track was blocked until about 11 o'clock Sunday evening. Fortunately there were no freights running because of the strike and this was the only train detoured by way of Concord, the track being cleared in time for the east bound flyer.

JANSEN'S WILDNESS GIVES INDEES GAME

Springfield Hurler Gave Seven Bases on Balls, Hit Three Batters and Made Three Wild Pitches—Final Score 3 to 1 in Favor of Indees.

Bases on balls, a wild pitch and Briggs' two base hit proved the down-fall of Jansen hurler for the Springfield Merchants at Indee park Sunday afternoon. The Springfield pitcher, (the word is used advisedly), gave seven bases on balls, hit three batters and made three wild pitches.

He made a lot of other wild pitches during the game, but they do not show because there were no runners on. Jansen only allowed the Indees three hits. Perhaps this can be accounted for by the fact that most of the time he did not get the ball close enough to the plate for anybody to hit it.

The visitors had a fast fielding team and got Jansen out of several tight places before the finish came in the fifth inning. Fisher, Griffin and Foss figured in the fielding and Maurer made a fine running catch off of McManus' bat in the seventh.

The locals infield did not do so well as they did not seem to be able to get together. Ruble and Briggs both booted easy ones but they did not figure in the scoring. McManus had another busy day at third and accepted nine out of ten chances. Padgett, while he yielded four hits, was tight in the pinches and struck out thirteen men.

How the Runs Were Made.

Springfield scored her lone run in the second. With one down, Griffin singled and took second on Cure's safety. Padgett threw wild, to second trying to catch Griffin and the batter made third and scored when Briggs, who retrieved the throw, threw the ball past McManus.

The Indees made all of their runs in the fifth off of one hit. With two down, Beerup was safe on DeFrates' error of Foss' throw. Jansen then gave the finest aerial exhibition seen here since Lieut. McGinnis made his flight last year.

He walked Padgett without throwing a strike. He then walked McManus filling the sacks. Briggs came along with a two bagger to right center and Padgett and Beerup counted McManus taking third. A moment later McManus scored on a wild pitch. Jansen then passed Ruble and hit Christopher with the ball. With all the sacks loaded Jansen braced and struck out Mahan.

JOHN F. MACKEY LANDS AT NEW YORK

Jacksonville Boy Expects to Be at Home at Early Date.

Mr. and Mrs. M. Mackey of Hardin avenue yesterday received a telegram telling of the arrival of their son, John F. Mackey in New York. He stated that he was being sent to Camp Merritt and expected to be home at a comparatively early date. Mr. Mackey has been in the service for the past two years and since June, 1918, has been overseas, serving as a member of Co. B, 39th infantry. He was trained at Camp Grant and later transferred to Camp Green, South Carolina.

The young man's friends are of course glad to learn that he is soon to return to his home here and he will find a warm welcome awaiting him when he arrives.

A VALUED SOUVENIR

J. T. Osborne has received from his son Percy a souvenir in the shape of an illustrated magazine telling of the outing at Rye Beach one day of the valued star members of the silk house of Scharzenbach-Huber, said to be the largest in their line in the world. They chose the chief members of the force for a grand outing and had some thirty or forty on hand and a splendid time was enjoyed. Percy Osborne figures prominently in the group and enjoys a very responsible position which pays him right well. He is one of the young people who have gone from Jacksonville to make an honored mark in the world.

PERSISTENT SELLING DEPRESSES CORN

Weakness Evident from the Outset—Prices Close Heavy.

Chicago, Aug. 11.—Persistent selling which was associated with the possibility of a widespread railroad tieup and a depressing effect today on the corn market. Prices closed heavy 3c to 4c net lower with Sept. $190½ to $1.91 and December $1.53 to $1.53⅜; oats lost 1⅛ to 1⅞c, and provisions the outcome ranged from 20c decline to a rise of 40c.

Weakness was evident from the ouset in corn. Bearisn sentiment first appeared to be founded on a prevalent opinion that advances due to the bullish showing of the government crop report had been excessive. Besides timely rains had fallen where most needed. Later, the fact became evident that railroad difficulties were not being solved as readily as supposed and that the movement of grain was being hampered.

Oats merely followed the trend of corn.

Provisions were strengthened by a sharp upturn which took place in the hogh market.

STOCKS REVERSE COURSE NEAR END

Reasans for Setbask Are Based on Stronger Tone of Money Market and Further Unsatisfactory Labor Conditions.

New York, Aug. 11.—Stocks were strong at the opening of todaly's session, indications pointing to a continuance of the rally of last week, but the market deversed its course and closed with mixed grains and losses. Retsons for the setback were based on the stronger tone of the money market and further unsatisfactory labor conditions.

Call loans opened at 6 to 6½ per cent the higher rates which prevailed thruout the day.

Heaviness in the United States Steel which fell 2¼ points from its initial advance, was ascribed to the death of Andrew Carnegie, but that theory found few supporters in the financial district.

Minimum quotations were made in the drive of the mid-session, but the strength of equipments, especialy American Car and Pressed Steel Car effected rallies of one to almost 3 points from lowest levels at the end, United States Steel, however, making only fractional recovery. Sales amounted to 975,000 shares.

More stable conditions ruled in foreign exchange.

Firmness attended the restricted dealings in bonds altho internationals were slightly lower. Total sales (par value) aggregated $,350,000.

Want That Contented Feeling?

—Then order your winter's supply of coal NOW. With all business industries working at full capacity, the continued need of the United States supplying Europe with coal, and the fact that many miners (foreigners) are returning to their home lands—all tend to make the outlook for securing an adequate supply of coal next winter as great a problem as it was last. All householders who have storage room are urged to lay in their coal at once. Only in this way will a serious shortage be averted. All orders given us now will receive our prompt attention.

GIRL MOTHER DIES AT WHITE HALL HOME

Body of Mrs. Jesse Dale is Found in Front Room of Her Residence—Death Due to Natural Causes.

White Hall, Aug. 11.—Mrs. Jesse Dale, sixteen years of age and the mother of a ten-months-old child, was found dead shortly after one o'clock Saturday at her home on South Railroad street. Near neighbors heard the hard cries of the babe after 10 o'clock and did not investigate until three hours later. The body was found in a corner of the front room. There was not the least mark of violence and there were no family difficulties, all bearing a splendid reputation.

The coroner made a thorough investigation, and the jury returned a verdict of failure of compensation of the heart.

The deceased was a daughter of Mr. and Mrs. Ira Chapman, well known and highly respected residents of this community, residing in Walkerville township, and she was born November 1, 1903 while the family were residing near Winchester. The death is deeply deplored.

Mrs. Dale was seen by and conversed with neighbors between 7 and 8 o'clock and she seemed to be cheerful and in good health. Her husband testified that she was in good health when he left home about 6:30 a. m. to go to work on the farm of Lee Vinyard, just southwest of town.

VACATION TIME FOR S. O. BARR

If you try to go into S. O. Barr's oyster and fruit store during the next two weeks and find the door locked don't think that the proprietor is sick or has left town for good.

No, indeed, Mr. Barr and his son are just taking their two week's vacation. For many years Mr. Barr followed the custom of closing his place of business during July and August but recently he has kept open during these months.

He has decided to return to the old custom and thus give himself and his son Markoe a well earned rest. Mr. Barr has no particular vacation plans but will just loaf around. While the store is closed some improvements will be made in the interior. The store will reopen for business about August 25.

COUNCIL HOPES TO BETTER E. STATE ST.

SPECIAL EFFORT WILL BE MADE FOR PAVEMENT

Mr. Bretz Surrenders Contract for Street Railway's Part of Work Sanitary Committee to Act on Complaints—Coal Bids Opened Estimate From Walbridge Company Shows Progress of Reservoir Work.

Mayor Pro Tem Thomas Flynn is now the way in which you must address the first ward alderman of that name. In the absence of Mayor Crabtree at the council session last night Alderman Flynn was elected mayor pro tem on motion of Alderman Chapin, with second by Alderman Cain. Complaints about reduction plant were filed by citizens in the first ward and a like complain was made from second ward citizens concerning the city dumping ground. These familiar themes and matters of routine business occupied most of the time of the council.

East State Street Paving.

The action in which the public will be probably most interested was with reference to East State street pavement. Supt. Gray of the Jacksonville Railway & Light Co. stated that the materials have been ordered for the pavement between the rails, and that Contractor Bretz had notified the company that he would not do the paving. Some other arrangements will be made by the railway company.

Since the city is unable to secure any statement from Mr. Bretz with reference to his intentions about the East State street paving, at the suggestion of Supt. of Streets White and on motion of Alderman McGinnis, the matter was referred to the public improvement board, the highway committee and the city attorney, with the urgent request that some action be taken to make the paving possible this year.

When the roll was called by City Clerk Pyatt it was found that all aldemen were present except Alderman Ehnie. A petition was filed, signed by about 200 property owners, complaining about odors from the plant of the Jacksonville Reduction Co. On motion of Alderman Chapin with a second by Alderman Moore, the petition was referred to the sanitary committee and the first ward aldermen.

All properly approved bills were ordered paid when funds are available. Alderman Cain called attention to a request from Contractor Bretz that the circus which is coming to Jacksonville next Monday be prevented from using the North Church street paving for the parade, as he said the heavy wagons would do injury.

Aided the Firemen.

Alderman Moore made a motion that a special vote of thanks be extended to the Misses Hoffman, who with great courtesy furnished the firemen with coffee on the night of the fire at the Jacksonville Transfer Co. Like recognition was given to Roy Goodrick, Edward McDowell and George Cain, who also supplied coffee. There were many volunteer firemen and all of them were remembered in the vote of thanks.

Alderman Moore also called attention to the East College avenue subway and said that something should be done to make it possible for the water to drain off there after a heavy rain. He said that the motor truck ran into this water on the night of the fire and that the damage done would cost the city $150.

The suggestion has been received, according to Alderman Cain, that when an alarm of fire is given, no matter what the time of night, that the lights be turned on in the ward where the fire has been reported. On motion an order was made to this effect.

Mayor Flynn reported favorably upon the construction of a sewer on Michigan avenue connecting with Clay avenue, as desired by Mr. Staley and Mr. Kendall. On motion of Alderman Moore this matter was referred to the sewer committee, the city engineer and the superintendent of streets.

Paid Money on Dam.

An estimate for money due the Walbridge Construction Co. for work on the reservoir was read and ordered paid. The estimate is for $9,904.82, and the amount to be paid is $8,418.67. The claim was approved by Aldermen Chapin, Moore and Williamson, City Engineer Henderson and Supervising Engineer Baldwin.

City Clerk Pyatt reported the many complaints on account of the bad odors from the dumping ground. This matter was referred to the sanitary committee and the second ward aldermen.

W. R. Haneline was present and asked permission to connect the Park Place sewer with the 12 inch sewer on Superior avenue, constructed for Jacksonville State hospital, but now abandoned.

On motion of Alderman Moore with a second by Alderman Graff, this matter was referred to the sewer committee and the public engineer.

Supt. Gray of the Jacksonville Railway & Light Co. said that Contractor Bretz had notified his company that he would not construct the pavement for the railway company and that accordingly the railway company had ordered the materials on its own account. Mr. Gray said that if the company put in its part of the pavement and nothing was done with the sides of the street, that the traffic would be so heavy on the railway tracks that damage would be done. He asked if there was any information available as to the intention of the contractor with reference to the city's part.

Alderman Cain said that no official communication had been received by the city, but that it was commonly understood that Mr. Bretz did not intend to complete the contract.

Supt. of Streets White referred to the very bad condition of the street and the detriment it is, and strongly urged that the council take some action to get the property owners together and bring about the construction of some kind of a pavement this year. The action taken in this matter has already been mentioned.

Sidewalk Talk

Alderman McGinnis referred to the need of a sidewalk on East Lafayette avenue near Brown street, and on motion by Ald. Williamson seconded by Alderman Moore, this matter was referred to the board of local improvement.

Supt. of Streets White made a report of an expenditure of $494 which was contributed by citizens for street grading. He gave an itemized report, showing where the funds had been paid out, and mentioned that grading had been done on the following streets: Center, East, West, North Prairie, South Park, East Chambers, Walcott, Lafayette avenue, Ashland avenue, Superior avenue, Clay avenue. He also told of a fund of $107 raised by F. E. Farrell. The street commissioner also reported the dangerous condition of the bridge over Mauvaisterre creek near Independence avenue, and he was authorized to secure the necessary lumber for its rebuilding.

The report of A. M. King, health warden, showed total deaths during last month 34, of that number 12 being at the insane. The age range was as follows: under one 3, 5 to 20 two; 20 to 50 ten; 50 to 70, eleven; over 70, eight. In the list of contagious diseases reported were: tuberculosis 2; measles 1; mumps, 1.

PRECINCT SUNDAY SCHOOL CONVENTION

Was Held at Waverly Sunday—Addresses Made by Local Sunday School Workers.

Over one hundred were in attendance at the precinct Sunday school convention which was held in the M. E. church at Waverly Sunday.

The meeting was in charge of Charles Criswell, precinct president and the program proved of great interest to those present.

Addresses were made by Dr. Walter E. Spoonts, J. S. Findley, Mrs. Charles Hopper and C. O. Bayha of this city. It was the time for the annual election of officers and the following were chosen.

President—Bert Rawlings.
Secretary—Lou Duncan.
Treasurer—Louis H. Kiley.

The county convention will be held this year at Chapin on September 11 and 12. At the meeting Sunday plans were made looking toward getting the next county convention held at Franklin. It is probable that a strong delegation will go to Chapin to try to land the 1920 meeting.

BIDS FOR COAL

Sealed bids will be received by the city council until 12 o'clock noon, Monday, August 11, 1919, for coal needed at the south pumping station and the municipal light plants. Bids are asked on 3 inch 1 1-2 inch lump and mine run coal delivered at the pumping station and 1 1-4 inch screenings, 3 inch lump, mine run, slack and washed coal delivered at the light plant. The right is reserved to reject any or all bids. All coal is to be weighed on the city scales.

PLAN CAMPAIGN FOR PASSAVANT HOSPITAL

Will Seek to Raise Fund of $15,000 During Week Beginning Sept. 8—Money Will Be Used to Complete Addition to Hospital, Build Laundry and Pay All Debts.

The week commencing September 8 has been set aside as the time at which a campaign will be made to raise a fund of $15,000 for Passavant hospital. This sum will be used to complete the addition which is being made to the hospital, pay all debts and build and equip a laundry. There will be a deficit of something more than $12,000 when the addition now being built is completed and ready for use. A laundry is one of the imperative needs of the hospital, and it is believed that this addition would pay for itself in the course of a few years. With the $15,000 which it is proposed to raise it will be possible to build the laundry and wipe out the deficit on the addition.

The committee, composed of Henry J. Rodgers, Walter Ayers and Thomas Harber, in calling attention to this proposed campaign for funds, has made the following statement about Passavant hospital:

Facts About Hospital.

Passavant hospital is owned by the Protestant churches of aJcksonville. It is a property valued at $100,000.

This property was taken over by the churches of this city from the Association for Works of Mercy of the Evangelical Lutheran church of Illinois, primarily because that association found it impossible to maintain a nursing staff sufficient for the needs of the hospital.

The Pasavant Memorial Hospital association was formed, the management being vested in a board of trustees consisting of two members from each of the Protestant churches, and the hospital Ladies' Aid society, three from the medical staff, and three from the Ministerial association.

It has for several years been the desire of those connected with the hospital to enlarge it and build an up to date addition. Accordingly a campaign was waged in which there was about $20,000 raised, and on April, the 31st, 1918, the trustees authorized the executive committee to sign contracts for the building of the addition which is now very near completion.

The contracts for the building, heating and plumbing amounted to $22,410 and since that time it has been found necessary to build a new boiler house and add another boiler at an added expense of $4,188.18.

The boiler now in use in the old building is yet to be moved to the new boiler house and both boilers are yet to be set and connected with the buildings, and the electrical fixtures are to be purchased for the new addition. This will be another added expense of approximately $3,750. Other expenses have amounted to about $1,400, making a total expense before the new addition can be use, of about $31,748.

Of this amount there has been paid approxmately $19,600. This will leave the hospital in debt at the time of the completion of the improvements, $12,148.

At the present time, besides the paying of the above indebtedness, the most imperative need of the hospital is a laundry. Fully equipped, in which to do all the laundry work of the hospital This one item is now costing about $300 per month. The laundry should pay for itself in the course of a very few years. And it is the belief of the committee that if $15,000 is raised, we will be able to complete the building, pay all our debts and build and equip a laundry.

It is our present expectation to raise this money during the week commencing Sept. 8th.

We also want to call your attention to what the hospital itself is doing. During the year 1918 there were admitted 835 patients, which means a total of 15,399 nursing days, or an average of above 44 patients each day in the year.

Of these 15,399 nursing days, they were divided as follows: Full pay, 9,759; part pay, 5,342; and charity, 298. This was an increase of four patients per day over the previous year.

The expenses of the year were $36,896.47, and the receipts were $36,767.47. The number of people employed at the hospital is about 35 to 40.

There has been for a number of years, and is now being maintained in connection with the hospital, an accredited training school, which has during its existence graduated about 70 nurses who have gone forth in this community and thruout the country, we believe, a credit to Passavant hospital, and the city of Jacksonville.

NOTICE.

I will not be responsible for any debts contracted by any person other than myself.

William T. Filson.

CIRCUS ADVERTISING CAR IN JACKSONVILLE

Pays City Flying Visit Yesterday Afternoon.

Advertising Car No. 2 of the Al G. Barnes Animal Show paid the city a visit yesterday, arriving in Jacksonville at 11 a. m., and leaving on the Burlington at 3 o'clock in the afternoon.

Frank D. Garrigus is the manager of the car and said that it was the duty of his organization to bill all towns and villages in a radius of forty to fifty miles of the show point. He had men plastering the big posters in Arenzville, Concord, Beardstown, Murrayville, Manchester, Woodson and many other points yesterday. A motorcycle is carried on the car and this is used for country work by the posters. Then the car also carries a pamphlet telling of the merits of the animal show and these are distributed in the various towns visited. They also carry a sort of cap which takes the eye of the average kid, and these also serve to advertise the Barnes show.

It was stated to a Journal reporter yesterday by Mrs. Garrigus that the Barnes people spend on an average of $550 per day in advertising alone. This average is reached by computing on a yearly basis and not by the period of the circus season.

The car's next destination is Canton where the circus will show Aug. 19th.
